

BOWLING HOLIDAYS

WINTER GARDENS - TENERIFE

Inbowls and Leisure Ltd are proud to offer superb bowling holidays at the magnificent new 4 Star Winter Gardens Complex in Tenerife, which opened to the public on 1st October 2002.

To offer these services, Bill Hobart, the current England Indoor International Team Manager, has joined forces with Val Thompson of Apartments Tenerife, a well-established travel company within the Canary Islands. With Val's expertise in the world of travel and Bill's connections in the bowls arena this is a perfect combination to provide both bowls tours and individual bowls holidays to this unique setting, which has been widely acclaimed as the best purpose built outdoor bowls centre in Europe.

Thanks to the wonderful temperate climate Tenerife offers reliable warmth throughout the year, with the average mean day-time temperatures ranging between 70 degree Fahrenheit in mid Winter to 85 degree Fahrenheit in August and September.

Largest, and many say, the loveliest of all the Canaries, it is now the most popular overseas Winter destination for the British, and is a welcome addition to bowls holidays destinations. One thing for certain is that shorts can be worn on the bowling green at all times!
